The Vice-Chair welcomed everyone to the meeting.

**Public Present:** 12 members of the local community attended the meeting.

#### 2. Minutes of Previous Meeting

The September minutes had been circulated in advance of the meeting. They were approved by Lesley Whitefield and seconded by Bill Turner.

##### Clarification of June minutes

Christian Potter advised that there was an inconsistency in the June meeting minutes as these should have included a note of David Ross delaying his resignation. Christian confirmed David had originally resigned from the committee in April but had then retracted this until the conclusion of the June meeting when new committee members were confirmed.

##### Review of Action Points

A summary of the action points is attached at Appendix 1.

#### 3. Updates:

##### **BESS update**

Trish Harvey from the BESS Group provided an update to the meeting. This is attached at Appendix 2.

## HGVs on Peel Road

There was a discussion on this topic. A resident commented that HGVs are going to an auction site at the farm on Holehouse Road. It is believed HGVs are being bought and sold at that farm. It was commented that despite this, there is still an increase in other HGV traffic a lot of which is construction traffic moving earth plus HGVs delivering to private home for improvement works, etc.

## 8. Other Business

In the Chair's absence, Lesley Whitefield thanked Sandy McEwen for his 14 years of service to the Community Council.

Trevor Herrington advised that the defibrillator at Eaglesham Road in Jackton – metal box is faded and markings are unreadable as it gets a lot of dirt from passing traffic. Christian agreed to take this forward with Trevor to find out who maintains the cabinet; there was discussion that a micro-grant could be used to fund the replacement if required.
